Next meeting Wednesday January 9th at noon **NEW LOCATION AT**
Charlie's Lakeside located at 8603 W. Sahara (Sahara and Durango)

New price of \$20 per person

Presidents Message

New Meeting Location for the Club in January will be Charlie's Lakeside at 8603 W. Sahara New price of \$20 per person!

December will be our last lunch meeting at Putters, the banquet facility will no longer be available to us. We will miss the great food and great hospitality we've enjoyed the past few years. Janaya and her staff have done a wonderful job. Kevin has not served us a bad meal. This is truly a sad thing for the club.

The new lunch location starting in January is Charlie's located at 8603 W. Sahara. With the new location come new offerings, first off the cost of lunch will increase to \$20 per person. Now before you start to squeal too loud about the price increase you need to know the whole story. Currently at Putters our costs for lunch are just over \$17 per person with the club subsidizing the additional monies. The lunch costs at Charlie's are a bit higher than Putters so the board has decided to increase the overall cost to \$20 and do away with the 50/50 drawing. Instead each month we will draw a ticket for \$20...your lunch will be FREE. We will still provide door prize drawings like before. New starting in January for every monthly lunch you attend your name will be entered into a drawing for a \$500 gift certificate at Sportsman's Warehouse. So attend all 12 lunches and you have 12 chances at winning \$500! This will be funded by the extra dollar collected from each lunch.

Ice Fishing Cave Lake

January 26th Ice fishing at Cave Lake in conjunction with the Ely Rotary Club. Entry fee is \$45 before January 15th and \$55 after. Fishing is between 8am-3pm there will be tagged fish for monetary prizes. Grand prize is \$5,000. The application form will be emailed to the club soon. It would be great to get several club members to go up and enjoy this fun event.

New Board Members needed in January.....This club is made up of a great bunch of guys but it seems like the same cast of characters are doing the heavy lifting. We need new blood, new ideas, or improvements on the old ones. Get involved nominate yourself or someone else to step up and be on the board. Elections will be held at this month lunch. Start out as a director or committee member the more you give the more you get in return. Notice those guys in cool W&W shirts? They got them for being on the banquet committee. Did you win something at the last banquet? Good karma of helping out has been a benefit for me come raffle drawing time.....get involved.

Speaking of the Banquet. Banquet Chairman Mike Taylor is looking for some help. The Banquet is coming up fast (March 16th) and help is needed. Mike will start meetings in December and is looking for new ideas to make the banquet fun, fresh and exciting. We've had table sponsors in the past, maybe we have open bar sponsors. Maybe we have some fun games of chance to win a prize. We have the turkey pluck which is fun and the selling of cards for the mystery gun. We've had the wheel barrow of booze in the past, do you have any new ideas? Volunteer for the committee help the club and get a cool shirt with the club logo for your efforts. How about bringing in mounts to help decorate the room? Every bit of effort helps so get involved.

Securing Firearms

FACT: The crime of residential/vehicle burglary can occur at any time during an owner's absence. More and more criminals are finding and stealing firearms (handguns) when burglarizing homes/vehicles. While all property belonging to a home owner is important the fact that firearms (handguns) can be easily found and removed during a burglary is of **particular danger**.

PREVENTION: The following are crime prevention considerations regarding securing a firearm in a home/vehicle:

Understand that residential burglary often occurs during the day hours. Criminals find empty homes and neighborhoods due to people being at work, running errands, etc. Fewer potential witnesses provide a better

opportunity for the criminal.

Homeowners should make sure that any firearm they own has been obtained / purchased legally and is registered in accordance with state and local laws.

Firearms are often a targeted item for theft during a burglary. Obtaining a firearm may be the main motive of the burglar.

Homeowners should always store firearms in a manner consistent with safety and theft prevention! Never leave an unsecured firearm in a home or vehicle.

Firearms that are easily accessible to the homeowner are easily accessible to the burglar. Burglars know

the common hiding spots and will take the time to toss the house to locate the firearm if they want it bad enough.

Unsecured firearms fall into the hands of the criminal and pose a threat to the homeowner if they come home and interrupt the burglary. Stolen firearms end up on the street and in the hands of criminals who use them to commit a variety of other crimes. **SECURE YOUR FIREARMS AT ALL TIMES!**

SECURING TECHNIQUES: At all times, firearms should be stored in a manner that is consistent with safety and theft prevention.

Common, but very vulnerable and not recommended, places homeowners keep firearms include –

- Master bedroom night stands.
- Dresser drawers.
- Under the mattress or in a closet.

Other vulnerable places of storage in a home may be of individual preference to the homeowner usually based upon their anticipation of needing to retrieve their firearm in a dangerous or threatening situation. This can be a risky practice.

Gun safes/cabinets or other safe firearm storage options can be implemented by the homeowner. Visit a gun store or gun safe showroom to learn your options. Ask questions about security ratings and fire levels of protection. Know your needs!

Trigger locks should be present on all firearms.

Securing a firearm is a life-saving responsibility of all gun owners. Guns are susceptible to tragic misuse as well as theft.

Be especially careful about children and guns. Make sure children understand the seriousness of playing with guns and the accidents that can happen. Firearms should NEVER be accessible to children, teens, or others with behavior/emotional issues.

- Always assume a gun is loaded.
- Never point a gun at someone in jest or playing.

Educate yourself on safe and responsible gun ownership. Avoid unfortunate circumstances and theft by knowing what to do to protect the firearm and those around it. A misused or stolen handgun can have tragic consequences.

HUNTING SEASON IS IN FULL SWING

Leo Schafer WY antelope, his party took several good "goats" in Wyoming this year.

Chris Klineburger and "Dolly" for a Happy Birthday wish, something looks fake to me.

Mark Pachowicz South Dakota whitetail

Hey Brian, I just got back from a trip to Buffalo South Dakota and shot a very nice 6 x 7 Whitetail buck! 22" wide with a kicker on the right G-4! He weighed in at 205! One of the nicest deer I have ever shot!

Merry Christmas to all this year! Another year is past us all by. Better enjoy every year you have and all your friends. Get out into the hills, mountains and streams as much as possible, some day it may be too late.

Happy New Year!!!!!!!!!!!!!!

STEVE CARPENTER ELK HUNT IN CENTRAL NEVADA

I can't think of a more manly hunt, chasing elk right after a snow storm lifts, making the kill with a bit of luck at sunset, Nelson hiking many miles to show off what a stud he is (although directionally challenged at times), skinning and quartering the animal by firelight and head lamp with that hard working man Brian, wow! Finally the hike master Stone bringing those angels of mercy Bill and Rod (the most studly of all packers by unanimous vote) to pack out the load in one trip. I'll never forget the site of those three guys with their headlamps floating in out of the darkness. Truly one of the most surreal experiences I've ever had including Burning Man. And what elk hunt would be complete without the final task of guiding hike master Stone into camp, that guy just has to stop and start a fire on his way in, this time he actually did it! Very Jeremiah Johnson Nelson! Anyway, all well that ends well, nobody lost any body parts and there were no major equipment failures and the Sitka gear did not have to go above and beyond the call of duty and most importantly everyone made it home safely.

Top left: Opening morning bull session, Top right: non-typical bull on the ground. Left: Cool morning breakfast, Bottom: Steve Carpenter and Nelson Stone headed in for lunch in Ely.

Welcome New members

If you see a new face at lunch say hi, introduce yourself and welcome the guys to the club. Invite them to one of our next shoots or outings.

This is a great club and what makes it great are the group of members that are always willing to help each other on a hunt or trip. Do you have a tag this fall and need some information on where to start or go? Ask a fellow member they are willing to share a good camp spot or maybe even that honey hole where a big buck or bull hangs out or, a covey of quail usually flush.....just ask.
