February 13th Lunch Program: Cherel & Scott McCracken gunsmith rifle maker

LVWW Banquet at the Gold Coast Hotel & Casino Feb 16th 5-9pm

This our biggest event of the year and only fund raiser for the year so please come out and enjoy the festivities. A great time to see everyone in one spot, socialize, have a drink and a good meal and possibly win some great outdoor equipment. The gun budget has been increased this year so your odds of winning a new firearm have gone up!

This will be the 28th banquet for the club. The highlight of the evening is awarding the clubs highest honor: **Sportsman of the Year**. The nominees will be recognized and the winner announced early in the ceremony. The other highlight of the evening is the special drawings just for the kids in attendance. There are drawings for guns and other outdoor gear for the kids as they are the future of our sport and interests. Not to be left out there is a lot instore for the adults as well. First off a hosted beer bar before dinner provided by Budwieser, then several special drawings for cash, the turkey pluck game with several great prizes, the rubber duck game, silent auction, live auction of a NV Heritage Turkey Tag and of course the best deal on raffle prizes.....tickets are still only \$1 each (less if you got in on the early bird special).

ARCHERY SHOOT 2019 first Marksman of the Year Event

- The shoot will be at the **ARCHERY** Center at the Clark County Shooting Complex.
- Shooting will begin at **9:00 a.m. Saturday February 9, 2019.**
- We will not have the range to ourselves so we have to play by their rules; including:
 - o Must sign in and pay at the Shotgun Center (\$7.00).
 - o Watch the archery safety video, or have the safety card that specifies AC.
 - o Present your receipt and safety card to the RSO at the Archery Center.
- Targets will be at 20, 30 and 40 yards. There may be one unidentified distance target.
- No optical sights allowed, no rangefinders, no broad heads. Only one stabilizer allowed – maximum 12"
- Only Clark County Residents or prior LVWW members allowed to win Lewis Class. (\$10.00 entry fee).
- We will team (draw pot) with a member of OUR 4H "Wrangler" archery team. Best combined team score wins. So, if you're a marginal shooter, your team mate might carry you to victory. There is one or two 4H archery state champions coming. We will shoot regular, while kids shoot Genesis. This shoot is designed to be fun and involve our youths.

Next meeting Wednesday March 13th, noon at Charlie's Lakeside located at 8603 W. Sahara (Sahara/Durango) price \$20

Presidents Message

Dave has some recent medical issues that have kept him from some of his duties as president, (like the presidents message) the rest of the club has stepped up to fill in. We all wish him a speedy and full recovery. Get well Dave.

Board meeting recap:

At the board meeting last week it was established that all club events for Marksman of the Year and Angler of the Year will give the honcho of the event a "pre-approved" stipend of \$50 per event to provide light refreshments such as coffee, donuts, bagels, water etc. If the honcho wishes to include a social event such as a meal or drinks or both after the event he must first get board approval for the anticipated cost associated with that request.

That's about all I have, and as always, if you have any suggestions, bitches, gripes, complaints, or ideas, don't hesitate to contact me at DFamiglietti@newfrontierarmory.com

Dave Famiglietti
President 2018 & 2019

Up coming Lunch speakers:
March: Bill Daniels White Flyer Targets
April: OnX Maps
May:

Fishing event honcho needed

Rod Maly and Mark Gallear have stepped down from the honcho duties after doing a GREAT job the past 4-5 years so we are short a honcho for the Panguitch Fishing event in May or June. Of course it doesn't have to be at Panguitch Lake; it could be a place of your choosing....Cave Lake, Eagle Valley Res, Navajo Lake, Sunnyside, Lake Mead, Lake Mojave etc. We really need someone to step up and honcho as now we currently only have four (4) fishing events set for 2019. Neil Dille & Brian Patterson are did the ice fishing, Dave Famiglietti is doing Sunnyside, Ken Johnson has Otter Creek covered and Mark Transue is the honcho for striper in Sept. **UPDATE: Mark Transue has stepped up to be honcho....more details to follow.**

LVWW Trap Team 2

There seems to be some interest in forming another LVWW Trap Team. The current squad has been shooting together for over 20 years and openings just don't come up. The year is broken into four (4) leagues Winter, Summer, Spring and Fall every Wednesday night starting at 6:30pm at the CCSC. Currently the Winter League is in progress (only 10 weeks) and should end March 6 with the Spring League starting on March 13th. Each team shoots 2 rounds of 25 birds each night, 1 round from the 16 yard line and 1 round from the handicap yardage out to 27 yards based on the teams overall rank in the league.

The Club will pay the \$85 sponsor fee for the league each season but then it is up to the members of the team to pay for their league dues, shells and team shirts if they desire to have shirts. League cost varies a bit based on the number of weeks in each league, but averages around \$200 per season. A team of 5 Club members is needed but it's nice to have 6 or 7 on your roster to use as substitutes when a regular shooter can't make it.

There are several club members that shoot on other teams so there is some friendly competition between Club members shooting on different teams. Currently LVWW Trap Team 1 has bragging rights as it placed 2nd in the recently finished Fall League season. If you are interested in making a LVWW Team #2 act fast and contact Brian Patterson at 702 715-2020 to get your name on the list. If there is lots of interest they may hold team tryouts ☺.

P&Y President Jim Wilems --Voting for our cause

President's Column

By Jim Wilems

In my last column, I expressed the importance of voting for and supporting elected officials who will appoint judges that support our way of life. I believe that is the single most crucial issue that you need to consider when deciding how to vote. Everything we hold dear can be taken away at any time by one judge. One person, unelected and unaccountable can overturn anything he or she doesn't like. Then that ruling either shuts everything down or goes slowly through the judicial process until it is verified or reversed. ONE PERSON!

"I told you so."

Since my previous column imploring you to choose wisely, Chief District Judge Dana L. Christensen, nominated by President Barack Obama in 2011, put a stop to all legal grizzly bear hunting in Wyoming and Idaho. This one judge seems to think he is more qualified to make this decision than the entire Federal Fish and Wildlife Agency as well as all of the Wyoming and Idaho Game and Fish professionals. How have we as a nation allowed this to get so out of hand and how have we as a nation not identified this as a significant threat to the American way of life?

As Fred Bear said long ago, **"If you are not working to protect hunting, then you are working to destroy it."** If you are voting for individuals who put these activist judges on the bench, you are voting to destroy hunting. Can it be any more obvious?

Spotlighting the North American Model of Wildlife Conservation

Our records program is an excellent indicator of how the various big game species are fairing throughout North

America. To date, we have at least three new world records confirmed for the upcoming recording period. With our new policy of mirroring B&C's special panel, we have verified a typical mule deer, non-typical Coues' deer, and brown bear to tie or exceed our current world records. There is also a bighorn ram from South Dakota that looks to have a shot at that record after the 60 day drying period. The effectiveness of trophy hunting as a sound management practice can't be ignored when we qualify new world records every single recording period. You simply can't continue to see larger horn and antler growth unless you have stronger and healthier populations.

I was lucky enough to draw some fantastic tags this year, and I can attest to the quality management in the areas that I hunted. I hunted elk in one of the better units in Arizona and during ten days of hunting was close to around 50 different herd bulls bugling and doing what elk do. All right, it probably wasn't 50 different bulls. I may have encountered the same bull several times, but I did average over five encounters per day, and a few of those bulls were truly world class. I was also lucky enough to draw the one random tag that 892 other non-resident bowhunters applied for in Utah's archery only bison hunt. The Henry Mountain Bison herd is doing very well, and on the 8th day of a 15-day hunt, I was able to make a perfect shot on a big bull. I had a total of 10 stalks during that hunt and was able to look at about 200 bison before I took my bull. Many states are doing some great things with our money, and we are lucky to live in a time when we can go on these hunts if we have

the resources and inclination to do so. A healthy dose of luck doesn't hurt either.

Thanks to Ralph Willits for sending this along to share with all of us.

If you find current info about things you think Club members would be interested in learning about send the article to the GameBag editor, Brian Patterson.

Tony Perkins & Dad Sheep Hunt

A tough hunter for a tough sheep hunt.

I really tried to help my dad do this tag justice, but him being 78 with an injured foot creates challenges. My dad never understood how rare this sheep tag was until after the hunt. He grew up hunting deer as meat for the family but lost interest or time to go hunting more than 40 years ago. Now that I got a taste of adventure that hunting brings, a few years back we started hunting together. I started applying for every tag no matter how small the chances were. I even started applying my dad for them as he doesn't do computers much. I figured that if we get a sheep or goat tag we would just do as we normally do and go have fun hiking around. We might get an animal or we might just spend a week together with me listening to his old hunting stories as that's what it's all about. This year my dad hit big

with a Cali bighorn sheep tag area 35 and a bull elk tag area 72-74 early season. He only had about 3 points. I tried to explain to him the low odds but it just didn't sink in.

He has been limping for a few years with pain in his ankle the doctors have not been able to solve. About a month prior to the hunt the doctors diagnose it as worn out cartilage between the ankle and foot bone and put him in a corrective boot. Immobilizing open toe plastic thing. While wearing the boot you cant use your ankle so walking in rocks is nearly impossible. Without the boot it just takes one step without paying attention and it drops him from the pain. My mom sewed some toe covers for him to keep the toes warm while hiking.

We hiked into the wilderness with his boot about a mile on day two of the hunt and it was slow going. While he was resting I went to the top of the mountain and saw sheep a few miles off so we decided to head back and come out a few hours earlier the next morning before it got hot. By the time we got back the fabric toe cover was destroyed and useless. He never tried the leather one as the boot was just too slow. The next morning we hiked in 3 miles and found 4 rams that were still about a half mile off but walking away. We decided it might be too dangerous to try this without horses since he was still limping along and could get real slow if he stepped on his ankle wrong. We got back to the jeep late that afternoon and decided to spend one more day looking for easy sheep but then would need to hire somebody with horses.

I called 22 guides in search of an answer. A few were close but none had the right plan, price and horses. I figured we were just going to give it another try by ourselves when one of the guides texted me a photo of a recent successful sheep hunt and said he knew where another was that would be less than a mile hike. After a lot of back and forth a deal was struck and we took the 9 hour drive again. The following morning the "sub guide" had us on the sheep first thing. He was good as I don't think I would have seen these sheep as far up as they were. The problem was he took us straight up the gully in full view of the sheep and with the thermals working against us. We never had a chance. It was too late though. My dad had blown all his energy hiking straight up the mountain for nothing. I could tell my dad might only have one hike left in him for the week. We drove around spotting sheep for a few days but they were always at the top of the mountain and it would be tough for me to get up and down and just not possible for my dad. I finally tell the guide that I want to go where we saw the sheep the last time I was here but drive the road far to the east to just see if we can see them across the valley. He told me there are no sheep up there and it's a waste of time. I told him that was the plan for the evening.

It took us several hours of driving up the switch backs when we came to a creek crossing the road and found fresh sheep sign. Scanned the mountains to no avail. We drove another half mile to the next ridge to find a heard of sheep walking right down the road. We all bailed out and found two rams in it. The guide told my dad to shoot as they were 450 yards out and now getting skittish and walking away. I told him not to shoot as I know where the road goes and we could just drive right up to them as they will head straight up the hill which will slow them down. I also wanted a minute to talk to my dad alone if he really wants to shoot a smaller ram. As we drove up and discussed his options, it was obvious this ram was his or he would be going home with nothing as he didn't have anything left for another hike. Sure enough as we neared them they headed straight up and my dad dropped him at 70 yards. Hiking up to him my dad went down a few times as his ankle was about done. After photos, skinning and packing meat it was even worse for him headed down. More than a few times I saw him with four points on the ground in the steep spots trying to baby that ankle to get to the jeep. NDOW says he is a 6 year old scoring 129 and my dad is happy to have him. I will cherish the memories of these two weeks. Maybe he has enough time to rest before his bull elk hunt.

www.LVWoodsandWaters.org

Cave Lake Ice Fishing results

The ice was thick (10-14 inches), the weather was perfect (some guys had their shirts off), the fishing was so-so (some caught a lot, some not so much) most had a great time (some enjoyed the libations, some ended up with medical issues).

This outing is always eventful and 2019 was no exception as you can tell by the list above. The day always starts very early (5am or so if you want to get a parking spot near the lake). We had the boy scouts on hand early making hot coffee and breakfast burritos! Awesome job guys and girls! We had our spot staked out early and holes drilled ready for the 8am start.

Brian Patterson dropped in a line about 7:50am to "test" the waters and caught a fish at 7:56...too early to count for the Angler of the Year or the Rotary Club event but it was a good sign. The fishing was fun, the catching was speratic. Past champion Larry Cusimano and this years champion Ralph Willits were bouncing back and forth for the lead in most fish caught most of the day. Others with a hole just feet away using the same bait didn't get a bite?

The fishing was like most years.....some were catching, some were watching. The action did heat up a bit the last hour.....Overall winner Ralph Willits landed 5 or 6 fish and third place finisher Brian Patterson landed 4 in the final 30-45 minutes. See final Angler of the Year standings below:

| | |
|----------------------------|---------|
| 1st Ralph Willits | 10 pts |
| 2nd Larry Cusimano | 9 pts |
| 3rd Brian Patterson | 8 pts |
| 4th Dave Famiglietti | 7 pts |
| 5th Jared Lawson | 6 pts |
| 6th T Josh White | 4.5 pts |
| 6th T Steve Reiter | 4.5 pts |
| 8th T Danny Riddle | 1.5 pts |
| 8th T John Threadgill | 1.5 pts |
| 8th T Steve Kiss Sr | 1.5 pts |
| 8 th T Joe Luby | 1.5 pts |

Some of the gang gathered up on Sunday morning to fish at Cumins Lake before heading home. Again the fishing was fun but the catching was hit & miss. Both the White boys (Sam 4 & Jack 10, Josh White's boys) caught some nice fish as Cumins Lake produces much bigger fish than Cave Lake. See more photos last page of GB.

Steve Kiss fell and cracked some ribs so he spent most of Saturday at the Ely hospital getting checked out. Dave Famiglietti was coughing and not feeling well all weekend and he too ended up in the hospital when we got home. Not a good trip for these guys.

BUY – SELL - TRADE

Buyers & Sellers agree to obey all firearms laws and local regulations in all transactions and hold LVWW harmless. Hunting, Fishing, Camping gear. **For Sale:** Nothing submitted this month.

New Members: Bryan Wright welcome to the club, make sure to get your free hat at lunch for joining.

Scouting Troop 130 and the LVWW Club

Want to be a scout? LVWW Boy Scout and Venturing Crew – Boys and Girls ages 11-21 welcome. Meet Thursdays from 6:30-8pm call Bill Rochel'eau at 209 480-7835 charter representative or scout master Jason Wilcot. Troop 130 is the club's very own charter, scouting embodies all the things the club is about; hunting, fishing, outdoor skills, friendships and getting youth involved in these pursuits. LVWW is the Charter for Troop 130 we have renewed the Charter again for 2019. This is a great opportunity to pass on to youth the things we all enjoy get your kids, grandkids or neighbor kids involved.

Hunt Applications

If you want to hunt big game you have to play the draw game in several states, I have been playing quite a while and have accumulated a lot of points in several states at a considerable cost. Let's face it here in Nevada we simply can't draw a tag every year as the demand is greater than the supply. We all have points for some animal or are in the waiting period on another. There are always guys that seem to draw every year and those that haven't draw in decades. I won't cover all the downsides of point creep and the crazy effort to simply pull a tag but here are some state deadlines for the applications if you are playing the game you don't want to miss a deadline.

| | | |
|----------------------------|--------------------------|---------------------------|
| Arizona Elk & Antelope | deadline Feb 12 | results early April |
| Arizona sheep, deer turkey | deadline June 11 | results mid July |
| California all species | deadline June 2 | results mid May |
| Colorado all species | deadline April 2 | results early June |
| Idaho sheep, moose, goat | deadline April 30 | results late May |
| Idaho elk, deer, antelope | deadline June 5 | results late June |
| Montana elk, deer | deadline March 15 | results mid April |
| Montana moose, sheep, goat | deadline May 1 | results mid June |
| Montana antelope | deadline June 1 | results early August |
| NEVADA all species | deadline April 15 | results early June |
| New Mexico all species | deadline March 20 | results mid April |
| Oregon all species | deadline May 15 | results mid June |
| Utah all species | deadline March 7 | results late May |
| Wyoming elk | deadline Jan 31 | results late Feb |
| Wyoming moose, sheep, goat | deadline Feb 28 | results late May |
| Wyoming deer, antelope | deadline May 31 | results late June |

This covers most of the western states....of course check each state to confirm dates and regulation information.

Nevada set season dates at the January Commission meetings and will be setting quotas in May, make sure to attend those meeting if you want to have some input.

ANNOUNCEMENTS

“all we want to do is hunt, and fish and talk about it”

Jokes

An Irish Kayak Incident

The day after his wife disappeared in a kayaking accident, a Claddaghduff, Ireland man answered his door to find two grim-faced Constables. "We're sorry, Mr. O' Flynn, but we have some information about your dear wife, Maureen" said one of the officers.

"Tell me! Did you find her?" Michael Patrick O'Flynn asked.

The constables looked at each other and one said, "We have some bad news, some good news, and some really great news. Which would you like to hear first?"

Fearing the worst, Mr. O' Flynn said, "Give me the bad news first."

The constable said, "I'm sorry to tell you, sir, but early this morning we found your poor wife's body in the bay."

"Lord sufferin' Jesus and Holy Mother of God!" exclaimed O' Flynn. Swallowing hard, he asked, "What could possibly be the good news?"

The constable continued, "When we pulled the late, departed poor Maureen up, she had 12 of the best-looking Atlantic lobsters that you have ever seen clinging to her. Haven't seen lobsters like that since the 1960's, and we feel you are entitled to a share of the catch."

Stunned, Mr. O' Flynn demanded, "Glory be to God, if that's the good news, then what's the really great news?"

The constable replied, "We're gonna pull her up again tomorrow."

American vs Chinese Doctor

While in China, an American man is sexually promiscuous and does not use a condom the entire time he is there.

A week after arriving back home in the States, he wakes one morning to find his penis covered with bright green and purple spots. Horrified, he immediately goes to see a doctor. The doctor, never having seen anything like this before, orders some tests and tells the man to return in two days for the results.

The man returns a couple of days later and the doctor says,

"I've got bad news for you, you've contracted Mongolian VD. It's very rare and almost unheard of here in the US, we know very little about it." The man looks a little perplexed and says, "Well, give me a shot or something and fix me up, Doc."

The doctor answers, "I'm sorry, there's no known cure. We're going to have to amputate your penis."

The man screams in horror, "Absolutely not! I want a second opinion!!!"

The doctor replies, "Well, it's your choice. Go ahead, if you want, but surgery is your only option."

The next day, the man seeks out a Chinese doctor, figuring that he'll know more about the disease. The Chinese doctor examines his penis and proclaims, "Ah, yes, Mongolian VD. Vewy ware disease."

The guy says to the doctor, "Yeah, yeah, I already know that, but what can we do? My American doctor wants to cut off my penis!"

The Chinese doctor shakes his head and laughs. "Stupid American docttah, always want opawate. Make more money dat way. No need amputate!"

"Oh, thank God!" the man exclaims.

"Yes," says the Chinese doctor. "Wait two week. Fall off by itself!"

Woods and Water 2019 Otter Creek Spring Outing

Dates: Friday April 26th and Saturday the 27th, Check out @ 10 am Sunday April 28th.

Location: Rockin'R Ranch Address: 705 N. Main Street, Antimony, UT 84712 Web Site: www.rockinrranch.com

Reservation Contact: Hannah Robinson Note: Tell Hannah you're with Woods and Water Email: reservations@rockinrranch.com Phone number: 801-382-8840

General Information: EVERYONE MUST MAKE THEIR OWN RESERVATIONS

1. Total Room Charge per night, (plus sales tax)

*Single/Double –occupancy (Inform Hannah of Bed size preference) = \$70.00

*Triple/Quad-occupancy (Inform Hannah of Bed size preference) = \$75.00

2. RV Camping (only 1 space available) 110V ELECTRICAL HOOK-UP ONLY, no other services. *\$20.00 per night, (plus sales tax).

3. Each person must make their eating arrangements with Hannah when you make your reservation. The costs are, (plus sales tax):

Breakfast @9am= \$8.00 - Lunch@ 1pm= \$10.00(Sack Lunch available=\$8.00) - Dinner @7pm= \$12.00-\$16.00

NOTE: I am not sure if your fishing club is paying for Dinner on Saturday night as they did last year, if so each person making a reservation must still make their own dinner reservations for this night.

4. Since this is a Dude Ranch we do offer horseback trail rides, arena activities & archery. We offer hay wagon rides, hiking, skeet shooting and campfires. We have a few ATV rentals.

5. We do not sell or serve alcohol but you are welcome to bring your own and drink responsibly.

6. Please make your reservations ASAP since we are not holding rooms for you!!!!

Fishing Info: There are many miles of public fishing on the Sevier River with easy access, there's also Antimony Creek in the Dixie National Forest area, the inlet to Otter Creek Reservoir and as a bonus the Ranch has private property on the Sevier they will offer us. Lake type fishing @ Otter Creek Reservoir and Manning Meadows Lake. Everything (except Manning Lake, 1 hr away) is 15 minutes away.

* Rocking R Ranch is 4 1/2 hrs from Las Vegas, I suggest filling your tank at exit 78 gas station.

FYI, Lunch and Dinner are not served on SUNDAYS, only Breakfast. We can pack a sack lunch for this day.

Top: Sam White, Niki White both with nice fish Bottom: Jack White with 23" awesome fish & family catch

Dave Famiglietti gearing up to fish

Brian Patterson watching Jack White reel in the biggest fish of the weekend, a 23 inch fat rainbow (see fish Jack & fish previous page)

Joe Luby gearing down to enjoy the day
