Wayne Kirch WMA aka: Sunnyside Fishing Saturday March 21 8am-1pm Haymeadow Res

Be sure to join us for the annual Sunnyside "Ice Off" at the Kirch Wildlife Area. On Saturday morning we'll meet up at 8am at the improved Haymeadow boat ramp to start the fishing event, (boats with small motors are allowed). Due to heavy reed/cattail growth shore access is limited to the dams at all the lakes at Sunnyside so a small boat, canoe or float tube is best. Haymeadow Reservoir is not restricted on bait choices per NDOW regulations. This will be an Angler of the Year event and scoring will be simple, most fish caught using the honor system. Don't forget your fishing license! See honcho with fish from last years event...a nice fat rainbow caught right at the boat ramp.

After a quick lunch back at the boat dock some of us will be packing up and heading back to Vegas or heading to the MVWU Banquet in Caliente (see flyer last page) or some may want to try the other reservoirs. This can be a one day excursion for those willing to drive up and back on the same day.

Sunnyside is 175 miles north of town (3 hrs). Haymeadow is the farthest south reservoir (there are 5 reservoirs at Sunnyside, all contain trout and bass). A small group may be heading up with trailers/tents on Friday the 20nd to stay at the campground (bring your own water as I don't think the campground will be fully operational this early in the season). See map page 5.

Next meeting Wednesday April 8th, noon at Charlie's Lakeside located at 8603 W. Sahara (Sahara/Durango) price \$20

Presidents Message...Mike Reese

A lot is happening this month for our club!! First off, we will be voting to add Gordon Warren back to our board of directors as Josh White has agreed to step down because of his new job requirements. We want to thank Josh for being on the board and for helping with our banquets the last couple of years! Josh will still be a member a good standing and will be trying to attend some of our monthly events. Gordon is also a past president and wants to be active in our decision-making process.

I will be our guest speaker and I'll be showing some videos of how to calculate lead for sporting clay targets. I'm doing this early in hopes that some of our members will go out and practice some before our Spring feast where we will be shooting at 100 sporting clay targets. I will also demonstrate gun fit and gun mount.

We have two monthly events on Saturday March 14th at 8am which will be a .22 pistol silhouette event. We have the range from 8-4pm that day so immediately following the shoot we have the range for another 4 hours and our members will be able to sight in any firearm they wish free of charge! We will still have to abide by the clubs safety rules as well as the shooting parks. You can shoot pistols as well as rifles after the event but it will only at the 100 yard range.

Then on March 21st we have the Sunnyside fishing event, this is always a great chance to knock some cobwebs off your fishing gear that has been sitting idle most of the winter. The ice has been off for a week or so now and the first spring fishing is generally pretty good. Honcho Brian Patterson can try out the new pontoon boat he won at the WHIN banquet.

On March 16th, the big game draw application will open. Last year we had over 114,000 resident applications for approximately 28,800 tags so good luck for the 2020 hunting season.

Our guest speaker for April will be Aoibheann Cline, who is Nevada's Representative from the Congressional Sportsman's Caucus. She will be flying in from Sacramento to attend our luncheon and give us a perspective of what is on the horizon for sportsmen in Nevada and the west.

I attended the state fur sale on Feb 28th up in Fallon and it was an eye opener for me as to how hard the trapping community works to help keep in check the predator population in Nevada. They really do provide a great service to us sportsmen by protecting our fawns, calves, upland game and even waterfowl. The top bobcat sold for \$1228 this year and the top coyote went for \$387. I will be trying to get a trapper to come and be a lunch speaker for us this year and we are thankful that Tracy Truman donated a trapper experience day to our banquet. My son Michael won the auction for it for \$300 and Tracy will be taking him out during trapping season and will set a dozen or so traps and then will take my son back out a few days later to check the traps and he will get the keep and sell whatever predators were caught!

See you at the luncheon **Mike Reese President 2020, 2011, 2008**

29th Annual Banquet Feb 2020 Photos

Another banquet is in the books. We had over 300 in attendance. Roughly 35 kids in attendance each went home with a gift of some sort, a gun, a BB gun, binoculars or cash.....and a smile. Mark Transue was awarded the clubs highest honor of Sportsman of the Year. Brian Patterson was recognized with a custom Ralph Willits designed fly rod for past president. Belt buckles were given to Mike Reese for Marksman of the Year, Brian Patterson for Angler of the Year and Ralph Willits for All Around. LVWW set the record price for a Nevada Heritage Turkey tag \$3,200. 15-20 lucky guests won a gun that night, all provided by New Frontier Armory. Banquet Chairman Mike Reese and his team did a fantastic job, thank you Mike for all you do for the club. The event was also financially successful so we have funds to support our youth charity groups in 2020. See you next year at the Gold Coast on February 20, 2021.

Panguitch Lake Fishing **May 30-31**

Honcho Mark Transue 219-3716

The set up this year will be to get as many as possible to stay at the **Aspen Cove Lodge**, I know several members have private lodging nearby but we would like to have a group stay at Aspen Cove as they have really supported the club the past couple years, we should return the favor if possible. Call the Lodge direct and ask for Richard, tell him you are with LVWW to get a good rate.

Aspen Cove Lodge 225 N Shore Rd 435 676-8448

Rooms/ 2 beds \$130/night + tax = \$146.27

Panguitch Lake Boat Rentals call Jim Shelton at 714 404-1420 (more info to follow next month)

Pontoon boats are equipped with GPS trolling motor systems that when set will hold your boat in the

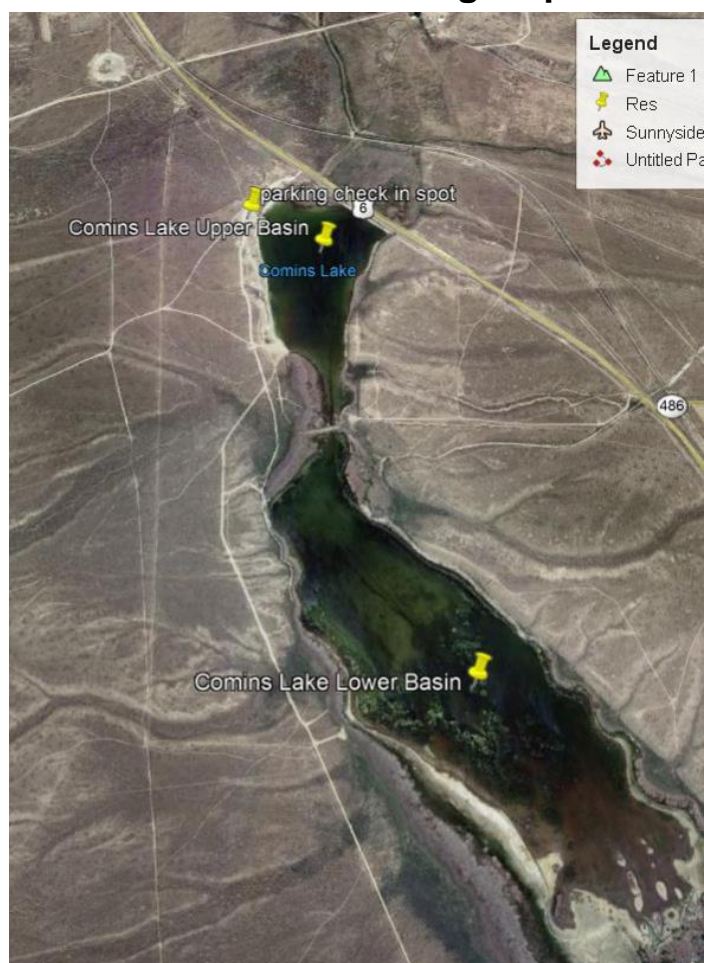

same spot, no more need for an anchor. Half day pontoon rental is \$185

A Message to the Membership From One of the Old Dinosaurs by Kyle Otto

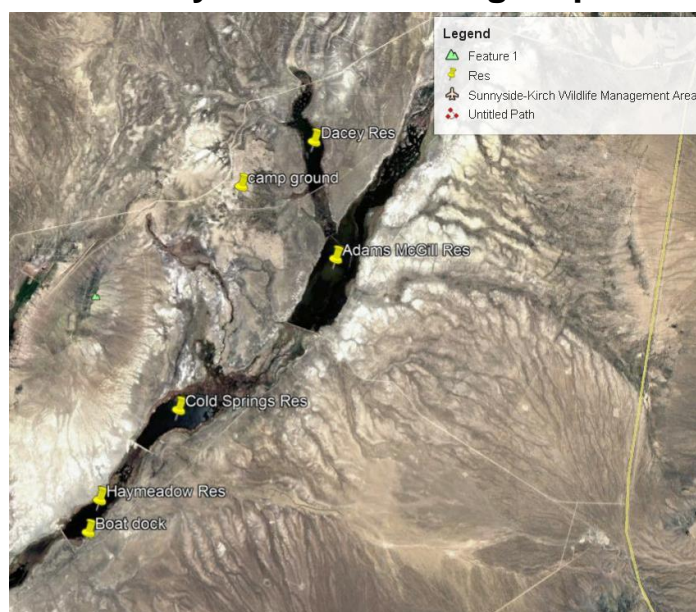

Hello all you LVWWC members. I have been a member of this fine organization for almost 30 years. I can remember lunches with only 8 members present and hoping we could get 20 people at the banquet. I have watched as some in the membership stepped up and helped create the club we have today. The volunteers who have stepped up have worked very hard, for nothing but their love of the club. The fruits of their labor is visible at every lunch or event. Some are still in the club, some have moved away, and some are no longer with us. As a charter member I cannot thank you enough. Lately I have heard that some members have issues with certain aspects of our club. That is just fine as everyone's opinion is considered, or should be. But I would like to add that no one is compensated for their time to help out. The events we enjoy are set up and run by those who just want to make us a better organization. Maybe some should consider that even though some volunteers may not do a job to your satisfaction, they still took the time and effort to help. Maybe some should just say "thank you" and move on. Maybe next time you see an event honcho you can go up and tell them how much you appreciate their efforts, and shake their hand. I can assure you that most don't do it for the recognition, but they deserve a pat on the back. Please think about that next time you are enjoying your LVWWC experience. Because of our volunteers, there are many more to come.

Thank you Klye for your perspective. Everyone has helped make this club what it is. Some put forth quite a bit of effort, some help out here and there, some participate in the things the club does. Everyone contributes in their own way depending on their stage in life with career, family and other responsibilities. Kyle has volunteered his time as GameBag editor for 7 years, I know the effort and time required as I have tried to fill his shoes going on my 9th year now as editor. Everyone has a role. Everyone has an opinion or perspective on what they desire for the club or how things should be done. If you feel strongly enough come to a board meeting to share your voice. Become a board member, a director or simply honcho an event. Several of the same faces have been doing the heavy lifting for years, yes they enjoy, it but if you ask, I'm sure they would welcome a chance to step back and allow new ideas, new input new blood to take on some of their responsibilities. Remember this is "your" club so help make it what you want it to be. Volunteer to honcho any event! bp

Comins Lake Fishing map

Sunnyside Res Fishing map

March 21st we will be fishing at the Wayne Kirsch Wildlife Management Area (aka Sunnyside for us older guys). See the map above for the layout of the different reservoirs. The area is located 5-6 miles on graded dirt road just west of Hwy 318 before you get to Lund NV. All the details for Sunnyside are on the front page of the GameBag.

Comins Lake Fishing April 4th we will be fishing at Comins Lake just south of Ely 6-7 miles off Hwy 6. We hit Comins last year the first week in April and it was EPIC! Lots of spawning fish cruising the shorelines and the catching was pretty easy (for those with the Midas touch, and the correct bait recipe). This will require an over night stay in Ely on Friday April 3 for a full day on the water Saturday April 4. Lodging base is usually the La Quinta Hotel call 775 289-8833 for reservations. They have a nice continental breakfast in the morning. Dinner is usually at Margarita's Mexican Grill located inside the Prospector Hotel.

Note: NDOW has issued a public announcement stating that fish in Comins Lake may contain high levels of mercury. If you plan to harvest your fish and later eat them please check the NDOW website for more information about the mercury warnings.

Fishing will start at 8am, be at the lake before then and gather at the parking area near the first restroom (see area marked on map above) some of us may fish the lower basin but check in will be at the location marked. If you are staying at a different hotel make sure to meet here **before 8am** to get the official rules for the event. FISHING will START at 8am. Plan to fish 6 hrs minimum. Honcho has yet to determine actual rules and duration for the event. Due to the high mercury levels in the lake we may not keep/kill fish for the competition. We may keep only one big fish per person to weigh in? We may go on number of fish landed? Not sure what the format will be at this time.

Fish at Comins generally run 16-22 inches and fight hard. We didn't have much success in January ice fishing but last year we did really well from April to early July, contact honcho Brian Patterson 715-2020 for more info.

BUY – SELL - TRADE

Buyers & Sellers agree to obey all firearms laws and local regulations in all transactions and hold LVWW harmless. Hunting, Fishing Camping gear for sale:

New Members: Welcome new members David Van Orsow, Brent Schafer, Jason Mann, Adam Daegorn, Brian Burris, Morne Bekker, & April Becker to the club, make sure to get your free hat at lunch for joining.

Scouting Troop 130 and the LVWW Club

Want to be a scout? LVWW Boy Scout and Venturing Crew – Boys and Girls ages 11-21 welcome. Meet Thursdays from 6:30-8pm call Bill Rochel'eau at 209 480-7835 charter representative or scout master Jason Wilcock 702 884-1393. Troop 130 is the club's very own charter, scouting embodies all the things the club is about; hunting, fishing, outdoor skills, friendships and getting youth involved in these pursuits. This is a great opportunity to pass on to youth the things we all enjoy get your kids, grandkids or neighbor kids involved.

Membership PURGE:

Reminder membership Dues for 2020 are now \$50 if you did not pay before the end of the year Dec 31st. The new website will accept payment but due to transaction fees if you pay online the cost is \$30. Current membership is at 135. The list of unpaid members has been purged. **We will send out a complete members list to all members soon, IF YOU DO NOT want your information (phone, address, email) sent to all club members notify Brian Patterson via email at admin@lvwoodsandwaters.org**

The board has wrapped up the final details and edits for the new **Club website**. The address for the site will be the same www.lvwoodsandwaters.org but we are hoping to also use www.lvww.org for a shorter option. We are able to include dues payment, we had some minor tracking issues so we did not open up banquet payments via the web-site but they will be corrected soon and used next year.

Late season South Dakota trip

Lou DeGregorio, Jim Pope, Gary Miller, McQuire, Richie Ray Hunted 6 days east of Pierre and 2 days near Rapid City. 109 honkers and 62 pheasants. I'm sure a few bottles of Jack were killed as well.

Top Ten Reasons Why Men Prefer Guns Over Women

#10 - You can trade an old 44 for a new 22.

#9 - You can keep one gun at home and have another for when you're on the road.

#8 - If you admire a friend's gun and tell him so, he will probably let you try it out a few times.

#7 - Your primary gun doesn't mind if you keep another gun for a backup.

#6 - Your gun will stay with you even if you run out of ammo.

#5 - A gun doesn't take up a lot of closet space.

#4 - Guns function normally every day of the month.

#3 - A gun doesn't ask , "Do these new grips make me look fat?"

#2 - A gun doesn't mind if you go to sleep after you use it.

And the Number One reason Why Men Prefer Guns over women.....

#1 - You can buy a silencer for a gun

GOLF BUDDIES

Two days before the group is to leave for St. Andrews, Jack's wife puts her foot down and tells him he isn't going.

Jack's friends are very upset that he can't go, but what can they do? Two days later, the three get to Scotland only to find Jack sitting at the bar with four drinks set up.

"Wow, Jack, how long you been here, and how did you talk your wife into letting you go?" one friend asked

"I've been here since last night. The other day, I was sitting in my living room chair and my wife came up behind me and put her hands over my eyes and asked, 'Guess who?'

"I pulled her hands off, and there she was wearing a nightie. She took my hand and pulled me into our bedroom. The room had candles and rose petals all over.

"On the bed, she had handcuffs, and ropes! She told me to tie her up and cuff her to the bed, so I did. And then she said, 'Do whatever you want.'

"So... here I am!"

AVOCADOS

A wife asks her husband, "Could you please go shopping for me and buy one carton of milk and if they have avocados, get 6.

A short time later the husband comes back with 6 cartons of milk. The wife asks him, "Why did you buy 6 cartons of milk"

He replied, "They had avocados."

If you're a woman, I'm sure you're going back to read it again! Men will get it the first time.

WATER IN THE CARBURETTOR

WIFE: "There is trouble with the car. It has water in the carburettor."

HUSBAND: "Water in the carburettor? That's ridiculous "

WIFE: "I tell you the car has water in the carburettor."

HUSBAND: "You don't even know what a carburettor is. I'll check it out. Where's the car?"

WIFE: "In the pool".

STATISTIC

THIS IS A FRIGHTENING STATISTIC , PROBABLY ONE OF THE MOST WORRISOME IN RECENT YEARS.

25% of the women in this country are on medication for mental illness.

That's scary. It means 75% are running around untreated.

THE PHONE

A young man wanted to get his beautiful blonde wife something nice for their first wedding anniversary.

So he decided to buy her a mobile phone. He showed her the phone and explained to her all of its features.

Meg was excited to receive the gift and simply adored her new phone.

The next day Meg went shopping. Her phone rang and, to her astonishment, it was her husband on the other end.

"Hi Meg," he said, "how do you like your new phone?"

Meg replied, "I just love it! It's so small and your voice is clear as a bell, but there's one thing I don't understand though."

"What's that, sweetie?" asked her husband.

"How did you know I was at Wal-Mart?"

TODAY'S SHORT READING FROM THE BIBLE

Super Slam Hunting

KILL IT AND EAT IT!

PETA (People For The Ethical Treatment Of Animals) and other animal rights zealots are a nutty bunch, to say the least. I run into these whack jobs occasionally, but I mostly see them on TV. They are radical headline-grabbers, with campaigns like their “Unhappy Meal” assault on kids who eat McDonald’s hamburgers. Members of PETA and similar groups abhor the thought of killing critters for food, yet at the same time often gallivant around in shoes, belts, and jackets made of leather. Go figure.

Animal protectionist crazies sometimes recommend feeding dogs vegetables instead of meat, and preach that red meat is making Americans fat. PETA folks just naturally hate hunters.

Me, I love a perfectly grilled steak from a deer, elk, pronghorn, caribou, or moose. Beef, pork, lamb, and other domestic meats do tend to be fatty, and too much of this stuff can indeed expand your waistline and clog your arteries. For example, one ounce of lean beef has 82 calories and 5 grams of

fat. One ounce of pork loin chop has 60 calories and 3 grams of fat. One ounce of lamb loin chop has 83 calories and 5-1/2 grams of fat. Within reason, a person can enjoy such domestic offerings without ill effect. But by comparison, wild game is incredibly lean and healthy.

For example, one ounce of whitetail deer or elk loin has slightly fewer calories than a same-sized portion of chicken breast, at 45 calories for wild meat and 47 calories for chicken. Chicken, deer, and elk all have about 1gram of fat per ounce. You can literally gorge yourself on such stuff without gaining weight. And contrary to what PETA crackpots claim, lean protein is less likely to make you fat than processed non-animal carbs like bread and pasta.

Humans are predators, the same as coyotes, wolves, mountain lions, and grizzly bears. It is human nature to kill and eat meat. Our eyes are set forward in our heads to allow precise distance judgment to our prey, and our teeth are designed to rip and chew meat as well as veggies. I make no apology for being an animal-killing machine, and I make no apology for loving to eat wild, healthy meat. The PETA folks are the ones who are out of touch with nature, not me.

There is nothing better than backstrap or tenderloin from properly handled big game. Gut the carcass immediately, skin and cool the meat promptly, and you’ve got terrific food for the table. Some folks try to camouflage the taste of wild game with fancy recipes and sauces. If the meat has not been handled right, it can have a “gamey” flavor that is best covered up. But if meat has been cooled and processed correctly, the natural flavor is excellent.

Here’s one of my favorite recipes. Soak wild meat for an hour or two in commercial marinade like mesquite flavor. Toss steaks on a hot grill, and sear each side no more than 5 to 7 minutes. Amateurs usually overcook deer and elk, but the center should be pink for best flavor and tenderness.

The goofballs from PETA don’t know what they’re missing! 🍖
